Home Style: As Good As Gold

Bring on the bling for a modern, luxurious look.

BY JESSICA SINICHAK

Gold accessories have been making a comeback over the last few years. If the first thought that brings to mind is the shiny, 1980s-era metallic of yore, don't panic. The new gold is burnished, muted and luxurious. Use it on cabinet hardware, fixtures, tabletop accessories or lighting for a sumptuous Midas touch.
